Other information:

The PA system will be used to make barn calls. However, this is a courtesy provided by the facility. If it does not function, show management will work with the horse park in ensuring this service, but it is not guaranteed.

We will be using a two-minute gate call. Please check in with the gate manager when arriving at the make-up ring so the show will continue to move at a steady pace. Gate holds should be requested at least five classes ahead. If you have back to back classes please have your horses held at the gate. This will help the show move more smoothly.

Food and other refreshments will be sold at the park. Showers and restrooms are located at the park.
